## Pull-back Toy Vehicles

**\$29.95 Each**

**NEW**

Wheel them back to get new skills speeding ahead! The “rev up” mechanism inside each of these four cars and trucks makes it easy for babies and toddlers to get big acceleration with just a little input: Pull back one of the soft vehicles then release to see it zoom off across the floor! The action of grasping and pulling back is great for fine motor skills and hand-eye coordination; the activity of “driving” and collecting (pull, release, crawl) benefits large muscle groups and coordination, too. Get even more “miles per gallon” with a variety of colors, shapes and sizes, illustrated characters, and everyday themes to inspire conversations, cognitive connections, and imaginative play! These soft fabric vehicles are bound to be popular at playtime, but with four exciting vehicles there are enough to share. And parents and caregivers will be grateful for the removable wipe-clean wheelie insert and washable fabric surface! Melissa & Doug K’s Kids toys nurture early childhood development in three key skill areas: physical, cognitive, and social. With interactive designs and multisensory features, K’s Kids promotes constructive play and effortless learning, keeping interest high and new skills flourishing throughout the baby and toddler years!

### HOW TO INSTALL Floor decals

1. Thoroughly clean the floor area chosen for the floor decals
2. Use sharp scissors for cutting out each of the decals
3. Place the decals on the floor and create the entire layout
4. Starting at one end off the decal ensuring air bubbles are not trapped, peel the backing of the decals and slowly press onto the floor.
5. Use a soft cloth or any nonmarring/scratching material to smooth out any wrinkles.
6. These decals are removable and reusable so you can create a new layout or move to another location.

Only floor wax is recommended for use on our sensory pathways for permanent installations. Floor "seal, finish or coating" may contain chemicals that might damage your path.

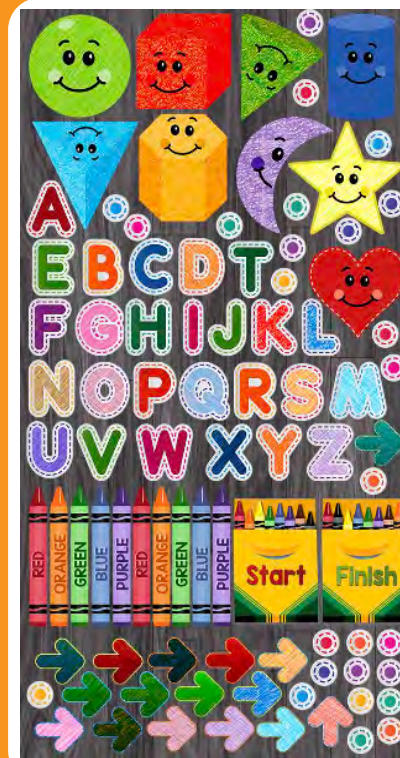

## Portable Path Inukshuk Hopscotch \$359.95 Each

Item# JTM-02

This portable inukshuk hopscotch can be rolled out and played on right away. This Inukshuk (“i-NOOK-shook”) is not made of stones piled on top of each other but can be hopped on when you place it on your floor. If you plan to make it permanent in an activity room, tape the perimeter with 2120 3M duct tape or plain old hockey tape. In Inuit tradition, it’s forbidden to destroy an inukshuk. Good thing this vinyl mat is very durable and you can even take it outside and play. Our portable path provides the ultimate flexibility.

## Thirteen Moons On Turtle's Back Carpet

**\$499.95 Each**

It is important to share the knowledge of the thirteen moons on a turtle's back. Children should be taught to examine the segments on the back of every turtle. There are thirteen large scutes which represent the thirteen moons which make up the lunar year. By counting the smaller scutes on the lower edge of the shell, you will find there are 28, which represents the 28 days between new moons. Each Rug has 28 large numbers to help children with counting. The large Turtle image in the center is great to show and teach children about the turtle's back. Thirteen moon's around the turtle is an important learning tool.

## Butterfly Life Cycle Puppet \$59.95 Each

Measures approximately  
 12inches LONG , 22inches  
 WIDE, 4inches TALL and  
 weighs approx. 5.44 oz.  
 !! Note: 22" width is the  
 wingspan !!

Experience the beauty of life and the magic of metamorphosis with the Monarch Life Cycle puppet. A wonderful teaching tool with extraordinary design, this unique toy changes from caterpillar to chrysalis to adult monarch butterfly. Utilize the zippers to tuck and reveal one stage to the next and watch life unfold before your eyes! Once the transformation is complete, insert your hands into the monarch wings to cause a flutter with your friends.

**Item# PUP-109**

## Frog Life Cycle Puppet \$89.95 Each

Three Stage - Reversible  
 puppet. Transforms  
 from egg to tadpole to  
 frog. Note: 14 x 5 x 11 -  
 measurements are for the  
 "Frog" stage.

Teaching kids about science is fun and engaging with the Frog Life Cycle. Marvel at the extraordinary design of this three-stage toy. In the first stage, the lenticular printed egg comes alive with motion. Next, utilize the zippers to tuck and reveal the tadpole stage into the frog stage as you animate the mouth to tell the story of metamorphosis.
